Athletic Club To Use City Property For Practice Field

Use of a portion of city-owned land at Niantic and Citrus avenue has been authorized the Daly City Athletic Club, it was announced by Coach Harlan Ferrando this week. The club will level the area for use by the Daly City Mustangs football team as a scrimmage area.

The city will plant the area in lawn and make it available to the public for recreation purposes.

Thanks Mothers For Their Cooperation

Mrs. Marie A. Marinakes thanks Our Lady of Perpetual Help post-graduate mothers for their kind co-operation in making her whist game June 2 a success. Those on the kitchen committee were Mrs. Ann Drury, Mrs. Cleo Rodriques and Mrs. Camile Clark.

Mrs. Anna Mae Cardellos made the home-made sheetcakes, and Mrs. Fellman assisted her in running the whist. Mrs. Marinakes was the chairlady for the event.

Bronze Plaque As Memorial For World War Dead

A bronze plaque, bearing the names of Daly City men who gave their lives for their country in World War II, will be placed in the city hall lobby to memorialize their sacrifice, it was decided at a city council caucus meeting Monday night.

At the same time, the list of residents who served during the war will be removed, to make way for the memorial to the dead. The list has been on display since 1942.

The bronze plaque will be placed with appropriate ceremonies by veterans groups.

Police Chief Rescues Stranded Cliff Climber Near Mussel Rock

An adventurous cliff climber was rescued last Friday evening by Chief of Police Reagan of Sharps Park after the former slipped on the bank near Mussel Rock, sprained his ankle, and was unable to scale the high embankment.

A passer-by discovered his predicament and notified the chief of police, who obtained a tow car from Cliff Pettigrew of the Daly City Garage and the injured man was hauled up after being marooned for four or five hours.

LOCAL MAN WINS UC SCHOLARSHIP

Philip Galen Morales, son of Mr. and Mrs. Philip Morales of 1163 Brunswick street, recently won the Carrie M. Jones scholarship from the University of California.

A year ago Philip won a scholarship from San Mateo Junior College to attend the University of California.

Philip graduated from Jefferson high school in 1946. He is now majoring in languages and political sciences. He will be a senior at U.C. next fall.

Holy Angels Parish Plans Fall Bazaar

The Holy Angels parish affairs committee are planning their annual bazaar. The date set is September 30, October 1 and 2.

MARCHBANK PARK TO BE SCENE OF HOLIDAY NIGHT-TIME DISPLAY

With state and local ordinances forbidding wholesale use of fireworks by the public, the city council has decided to put on a night-time fireworks display at Marchbank Park on July 4, it was announced by Mayor Paul Green Tuesday.

In charge of the fireworks will be the Daly City Volunteer Fire Department, and veterans' organizations will be invited to participate in the event, Green said.

Pointing out that July Fourth is America's number one holiday, commemorating the birth and freedom of the United States, the mayor said it was the duty of Americans to take advantage of the privilege of celebrating their freedom.

Councilman A. J. Gaggero, in endorsing the fireworks display, observed that there are many children who have never seen fireworks, since they cannot be sold to the public, although older persons can recall their younger days when every child and grownup had firecrackers.

A shipment of aerial bombs, flares, rockets and other displays has been ordered for the occasion. Veterans organizations and other patriotic organizations are being invited to participate.

Local Couple In Hospital After Attempted Robbery

Peter and Angela Pitta of 49 Cottonwood drive were in the South San Francisco hospital this week after an attempted robbery in their home.

The injured couple claim that two Mexicans came to their home June 5 to hold them up. Pitta said he tried to hit the Mexicans but was shot in the leg. Angelo Pitta was hit over the head.

No trace has been found of the Mexicans, described as being short, and 30 to 40 years of age.

CITY HIRES NEW WOMAN EMPLOYEE

Mrs. Evelyn Cahn of 263 Rhine street is a new employee of the City of Daly City. Mrs. Cahn will rotate through the various city departments during the remainder of the fiscal year which ends June 30.

NEW ANNEXATION PETITION TO BE HEARD AT CITY COUNCIL MEET

Possible annexation of two blocks adjoining Hillside Manor, previously withdrawn by Sterling Building Co. in the face of a protest by residents of unincorporated area in Abbey Homestead, will come up again next Monday night when a new annexation petition will be presented to the city council. The area has been re-subdivided and it is expected that the council will approve the annexation.

Other business on tap Monday will see introduction of a new zoning ordinance and map, with only slight changes resulting from a hearing held two weeks ago.

A report by Councilman Edward J. Mooney on the employment of a city manager is expected to be ready for Monday also. Appointment of a building inspector from civil service lists will also be on the agenda.

Joseph G. Levee Opens New Hardware Dept.

Bigger and better than ever before is the Joseph G. Levee company, which last week opened a hardware department carrying a complete line of hardware, kitchenware and gardening supplies for the convenience of their customers.

The Levee Co., which now features plumbing, heating and hardware, is located at 6787 Mission street. Competent plumbers are at your service 24 hours a day simply by calling JUniper 5-0101 days or DElaware 3-5963 evenings.

Another shopping aid to Daly City residents is the hours maintained by the store. It is open from 7 a.m. to 7 p.m. daily and from 1 a.m. to 9 p.m. Friday and Saturday. Sunday the store is open from 8 a.m. to 1 p.m.

Merchants OK License Fee Boost; Only Eight Members Attend Meeting

Lowest attendance record this year was set at the Daly City Merchants Association meeting held in the city hall Monday evening. Only eight members showed up.

Discussion of a '49er Days celebration was scheduled for that night, but, in view of the poor turnout, was tabled until a later meeting.

The members present gave their approval to the recent raise in annual business license fees voted by the city council—a six-dollar across-the-board increase with a few exceptions.

Councilman Mel Battye, who was chairman of the recent May Day Parade, presented Association President Frank Lombardi with a cup for the most outstanding float in the parade.

Roll call at the meeting showed the following to have been present: Battye, Lombardi, Secretary Ted Hopman, Second Vice President Ira Neville, Sergeant-at-Arms Nate Pearlman, George Kirchhubel, Arnold Panella, and Grant Williams.

"This was a most disappointing meeting," Hopman stated. "The association's business cannot be transacted unless more members show at least enough interest to come out once a month.

"Those members who disagree with any action taken at this meeting have no recourse but to attend meetings from now on," he added.

Meetings of the association are regularly held at the city hall on the first Monday of every month (unless there is a holiday on that day) at 8 p. m.

Wonderful Time Promised At Boys' Club Dance, July 9

Promising a wonderful time for all who attend, sponsors of the Daly City Boys' Club today urged everyone who can to buy a ticket for the club's benefit dance to be held July 9 at Colombo Hall in Colma.

Proceeds of the event will go toward the purchase of athletic equipment and recreational facilities for the club.

Tickets can be purchased from Lombardi Auto Station, Shannon Hardware, or from parents of members of the boys' club.

A name band will furnish music for the affair.

Letter Of Thanks From Daly City Fire Department

On May 25th we had an unusually large fire at King's Market, 2350 Junipero Serra boulevard, which we were unable to leave until the fire was under control.

We would like to thank, thru the Daly City Record, the many public spirited people who so generously served the firemen hot coffee and refreshments that morning and the following day.

It was a thoughtful and most welcome gesture, which was fully appreciated.

DALY CITY
FIRE DEPARTMENT

Whist Game Next Tuesday, June 14th

The monthly whist game, sponsored by the Catholic Ladies Aid Society, Branch 59 of St. Michaels Parish, will be held at 1:30 p.m. June 14 at the Parish Hall, 32 Broad street.

Mrs. N. Wallace is chairlady of the event. Her committee consists of Mesdames N. Maguire, C. Horner, E. Suterland, F. Kelterer, G. McCarthy, F. Rird, and M. Vrimbow.

NINETY-TWO GRADUATE FROM LOCAL GRAMMAR SCHOOLS NEXT FRIDAY

On Friday, June 17, at 8 p.m. in Jefferson Union High School auditorium graduation exercises for the classes of June 1949 of all elementary schools will be held, with 92 graduates participating. Of these, 44 are from the Crocker School, 19 from Jefferson, and 29 from Woodrow Wilson. Names of the graduates and their respective schools follow.

CROCKER

Virginia Lois Aiello, Gary Anderson, Dolores Ann Armstrong, Bonnie Estelle Balcom, Louise Ann Banfield, Jewell Ann Bell, James Robert Butenhof, Jacquelyn Chambers, Edward W. Christianson, Astrid Chun Fat, Ronald L. Copp, Harold Dimond, Robert E. Donham, Dona L. Enge, Adriano Fernandezees, Shirley Filippo, James C. Francis, Robert L. Gerhow, Lee Adele Gillan, James L. Herman, Nicholas Hitchiner, Dorothy A. Kelly.

Peggy J. Lee, Joe Lewkowitz, David Martinez, Agatha Cecilia Midile, Betty Ellen Miller, Harry A. Miller, Margaret M. Moore, Donald North, Pauline D. O'Connor, Thor Albert Oftedal, George Pedroni, Ida LaVern Pera, Marilyn Pottinger, Phyllis Noreen Rather, Claudette H. Sargent, Barbara Jean Schramm, Joan A. Simanski, Robert Stone, Billy Edward Valentino, Miriam Villalba, Andy J. Vranich, Leo Winn.

JEFFERSON

Roy E. Beeson, John Martin Carovano, Marjorie Ann Clark, Emil Del Braccio, Betty Ann Dentone, Grace Marie Domenicci, Marjorie Ruth Duncan, Marion Ellen Fair, James Fernandez, Edward Fuchs, Leonard H. Monson, Margaret M. Ratto, Verna Rossi, Alfred George Shenone, Donna D. Shulda, La Verne Shurgin, Richard Sirianni, Stanley Lewys Stanton, Joanne Van Vliet.

WOODROW WILSON

Bill Allen, La Vonne Anderson, Donald Baker, Ronald Charlton, Shirley Childs, Jo Anne Clark, Richard Cryer, Clair Curry, Ann Dixon, Gloria Hawley, Hazel Hawthorne, Seth George Johnson, Donna Kollman, Pauline Lugliani, Gerald Marsh, Bob Martin, Betty Jean Merciano, Gary Mcfall, Richard A. Norris, Charles Olson, Joan Diane Rachioni, Rudolf Schubert, Elaine Scott, Shirley Scott, Gene Selmi, Alton Studard, Ida Dolores Teal, Joan Valine, Arlene Wilder.

A complete program will appear in a later issue.

ENTERTAIN

Mr. and Mrs. W. J. Hunter, and daughter Hazel and son Billy of Guadalupe avenue, entertained Mr. and Mrs. Irwin Cameron and daughter Caroline, Mr. and Mrs. William Haynes and daughters Darlene and Lynne at a Smorgasbord at the Hunter's Point Naval Shipyard Officers Club Sunday evening, June 5.

Help Support Daly City Boys' Club -- Buy Tickets For East-West Game To Be Held In The Seals' Stadium On June 13

The East vs. West all-star game composed of senior baseball stars from East Bay, San Francisco and Peninsula high schools June 13 will be the event of the evening at Daly City's night at the Seals stadium.

Tickets for the game can be purchased from members of the boys' club. Tickets sell for 50c each of which 42c goes to the boys' club to be used for sporting gear such as baseball bats, gloves, basketballs, ping pong tables, and numerous other kinds of equipment.

Help support your boys' club by buying a ticket — and be there at the game to see the future big leaguers in action.

The boy selling the most tickets will receive a two-week vacation at Camp Marwedel, Mendocino county, which is under the supervision of the San Francisco Boys Club.

George Marsh, baseball manager for the Daly City club, has resigned to devote more time to his business. Anyone interested in managing the baseball team is asked to contact Frank Lombardi.

Edgewood Terrace Civic Association Is Formed At June 7th Meeting

Tuesday, June 7, marked the formation of "Edgewood Terrace Civic Association." Temporary officers and by-laws committee were elected by vote of those present.

Temporary officers are as follows: Theodore Fleming, chairman; Mrs. Carl Berg, secretary; Bill Cheatham, Mr. Gulrich, Mrs. Else Rudemetkin, Mrs. Dan Hiett, and Mrs. Roselle Reginelli, by-laws committee; Jane Keith, publicity.

Permanent officers and specific aims for the group will be decided in the near future.

Purpose of the group: To generally and definitely contribute to the advancement of the community. To foster and encourage recreational facilities and promote the welfare of our residential property as is done successfully in neighboring communities.

A tentative date in July has been set for a second meeting, when further business will be discussed. The date and place of meeting will be announced later.

"A.P."

Amadeo Peter Giannini was a legend even before his recent passing. His colorful career, his distaste for personal wealth, his zeal for public service, his stupendous achievements — these things had long since marked him as a man of tremendous stature.

That "A.P." never aspired to a position such as he finally attained was evident from the fact that he retired from business at 31 after having earned enough to be independently well off.

But when circumstances in 1904 made him acutely aware of the inadequacy of banking services for the people of small means, he set about with his usual unusual vigor to correct the situation. His "hole-in-the-wall" bank was a most unimpressive beginning but his policies found favor with the public.

His unparalleled act of lending to people at the time of the San Francisco earthquake and fire without security and even without notes shocked the banking fraternity of that day but distinguished him as a man of amazing courage. His foresight of the depression of 1907 which found his bank in a fully liquid position also revealed his remarkable alertness.

The boundless confidence he had in the future of California and the West was matched only by his boundless energy in striving to make that future all he expected it to be. No other one man has contributed so much to the progress and development of our State.

"A.P." will be missed. But the institutions he founded in the interest of public service will stand as memorials to his courage, vision and ingenuity.

TO THE GRADUATES

At this time of year in high schools and colleges millions of young Americans are handed their diplomas — and a lot of advice.

The diplomas are earned; the advice is free. Yet, the advice — assuming it is the standard stuff, i.e., work hard, play fair, etc. — is hardly less important than the diplomas. Certainly, unless it is heeded the scholastic awards become meaningless.

In this year more than in any other in the past decade it behooves youngsters to listen to the counsel of older men for the days of abundant jobs have vanished. Competition has returned.

More than ever, patience, persistence, hard work, creative imagination and the like, are needed to launch a successful career. But while job competition is keener, the doors are by no means shut to those of ability and ambition. Many business institutions are ever on the lookout for young people of promise. These institutions offer opportunities which will enable the graduate to advance as far and as fast as his capabilities will carry him.

One's best bet — if we may offer our bit of advice — is to determine what line of business he is best fitted for by ability and temperament. Then he should concentrate his further studies and efforts in that direction.

To some graduates the world looks like a pushover; to others it seems terrifying. Neither is right. There is no ready-made formula for success but in the makeup of virtually every really successful man can be found such qualities as courage, conscientiousness and common sense.

DWINDLING ARMIES

The recent Memorial Day celebration focused attention on the rapidly dwindling ranks of the once great armies of the North and South which carried on the great struggle of brother against brother more than 84 years ago. Although the actual number of surviving veterans cannot be definitely determined it appears that there are still about 65 or 70 of them. One count placed the figures at 30 for the GAR and 38 for the Confederates.

As small as the number is, however, it is somewhat startling to realize that men are still living who took part in that war so long ago. Those remaining were the youngsters of that war — even a 16-year-old at the time of Lee's surrender would now be at the century mark. Some of those who served with the South were as young as 10, however, when they joined.

Incidentally, the number of pensions still being paid in connection with the Civil War is around 16,000, mostly dependents of veterans. The last pension of the War of 1812 was written off only a year or two ago. How long will we be paying for World War II?

NOTHING FOR NOTHING

How many people work for the government? Two million? Four million? Don't kid yourself. It's more like 50 or 60 million, or just about everybody who works at all.

Actually, the average employed person works for the government about one-fourth of the time. In other words, of the total earnings of the nation, the federal, state and local taxes take about one dollar out of every four. It may be as much as one dollar out of every three if the vast socialistic projects such as compulsory health insurance and more and more pensions for this group and that are adopted.

Some people fancy that the wealthy and the corporations pay most of the taxes. That's what the politicians want them to believe. It's true that corporations and individuals with large incomes pay a higher tax rate, but the bulk of the taxes collected come from the smaller taxpayers. Not only that, but the taxes paid by corporations don't come out of the air. They come, instead, from the sale of products and those products cost you more because the taxes are, of course, included in the price.

Katherine Markovich Passes Away In St. Mary's Help Hospital

Katherine Markovich, mother of Peter J. Markovich, Patrick J. Markovich, and Mrs. Mary Wille, died today (Thursday) in St. Mary's Help hospital, San Francisco.

She had been in the hospital for the past five days.

Funeral services will be held at 9 a.m. Saturday, June 11, at W. C. Lasswell and Co., 6154 Mission street. Solemn requiem high mass will be celebrated at 9:30 a.m. in Our Lady of Perpetual Help church. Entombment will be at Holy Cross cemetery the same day.

Rosary will be recited at 8 p.m. this Friday evening.

Mrs. Markovich was born in Dalmatia, Yugoslavia. Her age was unknown. She was the wife of the late Michael Markovich.

A resident of California for the past 42 years, Mrs. Markovich had been living at 184 Santa Barbara avenue until the time she entered the hospital.

She was the grandmother of Raymond and Kathleen Wille and Patricia and Frank Markovich.

Mrs. Markovich belonged to the following organizations: St. Mary's Court No. 1155, Catholic Daughters of America; Third Order of St. Francis, St. Anne's Arch Confraternity, and Hillcrest Circle No. 143, U.A.O.D.

BLOOD DONORS

T. Louis Chess, chairman of public relations for District 26 of the American Legion, has won support from commanders of all Legion posts here to take part in the blood donor program of the San Mateo County Blood Bank.

Chess recently sent out letters to post commanders urging that membership of each post build up blood reserves at the San Mateo County Blood Bank.

While both Burlingame and San Mateo posts of the Legion have actively engaged in the group blood donor program, other posts have only recently become interested.

"One of the outstanding phases of Legion activities is support for the blood banks located throughout the nation," wrote Chess. As a result of the first of a series of American Legion Blood Bank Days planned at the county bank, the following Legionnaires became blood donors there:

Richard G. Lauder, Burlingame; B. H. Jacobberger and Charles P. Berryessa, San Mateo; George B. Schiel, Atherton; Walter Truce, Belmont; Steve Melinec, Colma, and Richard Ellis, Fred Lichfeldt, Aldo Minucciani, E. Joe Soldevini, Gerald H. Young, Ernest L. Miller, Michael Minucciani, Franklin Robinson, Paul O. Tognetto, and John T. Coffin, all of South San Francisco.

Steve Melinec is the district blood bank chairman.

The California Street Cable Railroad Company secured its franchise to operate in San Francisco June 14, 1876.

TRAFFIC COURT

Pleading guilty to speeding and cutting-in last Friday were William House Jr. of 412 Gonzales drive and Arthur Francis Schunocher of 411 Arballo drive. Both paid fines of $35 at Daly City municipal court.

Other speeders fined include Melville Russel Baruh, $5; John W. Henderson, $20; Ida Jones, $5; Patricia E. Royal, $5; Raymond Scrivani, $5; Clarence J. Pries, $5.

Fined for improper parking were eight motorists. They were Lorenzo Besio, $2.50; Betty Lester Bowden, $2.50; Edward Schaieffer, $2; Tony Palestio, $2.50; James Ralphus, $4.50; Henry Liebert, $2.50; E. Dan Master, $2.50 and Mario Lanza, $2.50.

Going through signals or stop signs were Edward Anderson, $2.50; Frank DeBrakes, $2.50, and Willis Owen, $2.50. Harold Raymond, David H. Templeton, Godie Boxer and Emil Kaufman were each fined $5 for failing to yield the right of way to pedestrians.

Fined $100 for drunken driving was Silvio Efestione of Rt. 1, Box 36, Colma. Judge William Sweeney also revoked Efestione's license for 90 days. Also fined was Charles William Smith of 648 Hanover street for being drunk in and about an auto. Smith paid a $50 fine.

There are 2,888 authorized license agencies of the Division of Fish and Game located throughout California.

Eight-year-old Robert Ivorey, traveling alone, was met and cared for by the American Red Cross at the San Francisco Municipal Airport when he debarked from a British plane en route from Melbourne, Australia, to Buffalo, New York, where he will join his mother.

Left to right: Mrs. Bert Miles, Red Cross, Robert Ivorey, and Kevin J. Williams, purser of B.C.P.A. plane.

Fresno county's raisin industry had its start 75 years ago.

California's barley production increased to 1,187,000 tons in 1948.

Captain James Cook crossed the Antarctic Circle on January 17, 1773.

Charles Gustafson

Death ended an 11-month vigil in Villa Sanitorium for Charles Gustafson this week.

A retired shoemaker, Gustafson died at the age of 88, 11 months and 7 days after he had entered the sanitarium.

The deceased leaves a daughter, Mrs. Madeline Howe, 247 Irvington street.

Gustafson had lived 55 years in California. He was born in Finland.

Funeral services will be held at 1 p.m. at W. C. Lasswell and Co. Friday, June 10. Burial will be at Cypress Lawn.

HI-LITES AT C.C.S.F.

By Roy Hurlbert

Like everything else this week- y piece has got to come to a show- own and the time is with us. It's nly fittin' and proper, folks, for s of this issue there's nothing nore doing at City College. Unless ou count final exams, may the Lord bless 'em, the current semes- er is almost a tale of the past. Tomorrow ends the regular sched- le of classes which are duly cli- naxed by the showdown tests vhich usually make or break the est of youthful minds. The mid- ight oil should be in for a steady low during the five-day sessions tarting next Monday. Some hum- le student offered his idea of the inals as "a two-hour period during vhich the seat occupier attempts o convince the front of the room ace-setter or instructor that he nows all there is to know about particular subject through writ- ng, without either party sure of vhat it's all about." Sounds quite ogical but it all depends on the ype of X given. More lenient profs et up on the finals while others drive a hard bargain in their de- nands.

GOODBYE ARCHIE

Turning to a more serious vein, our scribe would like to express he general sentiment of Ramland- rs in respect to Dr. Archibald J. Cloud, retiring college president. The lanky gentleman's lease on the picturesque Balboa Park landscape officially expires with this semes- er. Congratulations for leading the nstitution to the rank it merits oday and may you enjoy happiness nd good tidings from now on. Dutch Conlan will have to go some o override Cloud's popularity but he incomer is reputed a swell fel- ow and a capable administrator. Best of luck to A.J. and Louis G. n the future. Fourteen summers or so is a long stretch in anybody's language, although Mr. Cloud prob- bly recalls it as though it were just yesterday.

Add another exodus in the per- son of Dr. J. Paul Mohr, who has rendered service faithfully under the outgoing regime for quite a spell. Doc Mohr takes a step up- ward as next head man of Sacra- mento Junior College. Recently he gave up his job as commissioner of the Northern California Junior College Conference.

TERM WINDUPS

The activity slate ends for the locals Saturday night as the soph- omore class takes the limelight with the Aloha Formal at the Scot- tish Rite auditorium. Dale Butter- field deserves credit for a fine rec- ord as soph prexy throughout the spring. Ditto laurels to ASP Pete Isola an dhis gang, and a round of applause to their successors in of- fice.

"Naughty Marietta" really bore a professional touch as the music and drama department's produc- tion went over big in the four-per- formance run. "The Late Chris- topher Bean" and "The Marriage of Figaro," by Mozart, were other earlier successes directed by that group.

ATHLETIC DOINGS

South American Jose Rodrigues dged Bob "Swede" Larsen for the singles totle of the intramural ten- nis championships last Monday.

Basketballers Bob Matheny, Kev Duggan, and the Payne twins, led the Balboa Alumni to the softball crown in whipping the Balboa Team-to-Beat, 22-2.

Ram teams carried on in a wick- ed manner during the now closing school year. Grover Klemmer "side- lined" his Ollie Matson - sparked grid squad to the NCJCC title with a seasonal mark of 12 consecutive victories. Ralph Hillsman, a real nice guy, came up with another league monopolist as his cage quin- tet won 30 out of 32 tilts to liter- ally stand aloof of nearly all oppo- sition. For good measure, Hillsman tagged along with the campus golf- ers who tipped Vallejo for the con- ference top spot after running wild against other linksmen. Coach Bill Fischer's diamondmen fell down late i nthe campaign and had to be satisfied with third rung in the baseball ladder behind San Ma- teo and Modesto, sporting a 7-5 loop mark. Klemmer's tracksters had an obscure bill of health as they couldn't capture a single meet. Net star Harry Buttimer saw his court charges take four of six en- gagements. Last but hardly least, Roy "Dad" Diederichsen piloted his boxing aggregation to runnerup position in the national junior col- lege tests. Diederichsen tutored the soccer eleven to show beneath USF and Cal in the fall. Not to be for- gotten is Roy Burkhead, baby mem- ber of Jack Gaddy's athletic staff, who has caught the fancy of all by his fine personality and ability in directing sports.

AU REVOIR

The reporter would like to con- clude writing for this weekly sheet with a sincere thanks to the editor for his tolerance of my hand-in material and to the reader whose toil it has been to decipher what these lines have attempted to con- vey. Yours truly takes leave of City College at a time when its rank has finally come to be real- ized. Barring earthquake, flood, or what have you, San Jose State is in for our services or headaches, take your pick. See you later.

DDT STEMS TIDE OF DESTRUCTIVE CATERPILLARS IN FARMS AND GARDENS OF NORTH COUNTY AREA

DDT was called into action this week to combat an army of cater- pillars which is attacking vege- table and flower crops from Colma to Half Moon Bay.

R. H. Sciaroni, agricultural ex- tension service, said that the pests have been doing extensive damage by feeding on the leaves of arti- chokes, carrots, potatoes, beans, and many kinds of flowers.

DDT, used either as a spray or dust, will give effective control, according to information released by the University of California agricultural extension service. DDT should not be used, however, on crops such as spinach or lettuce because of the poisonous residue. On all crops where the leafy part is eaten, a rotenonepyrethrum com- bination as a dust or spray is rec- ommended.

The pests vary in length from one-half to one and one-half inches, are dull brown or black, hairy, and with a pale yellow stripe on each side.

These caterpillars are apparent- ly the worm stage of the painted lady butterfly, outbreaks of which have been common in California this year.

100 Weddings Performed In County Last Month

Legal papers handled by County Recorder T. C. Rice of San Mateo county for the month of May, 1949, numbered 4,653, it was reported re- cently. The number handled during the same period last year was 5,017.

Fees totaled $11,957.50 as com- pared with $13,750.97 for May in 1948.

One hundred marriages were handled by the office as compared with 90 for the previous May.

LOCAL LEGION POST ELECTS OFFICERS

New officers of the Frank C. Jordan Post No. 762, American Le- gion, were elected at a meeting June 2 at the Judge chambers in the city hall at South San Francis- co. New commander and service officer is John Gouldner. First vice commander is Manny Silvo, while Albert Borddio is the second vice commander.

Adjutant is W. F. Andrews. Ser- geant-at-arms is Valentim Tossetti, while Joe Rodoni is the finance of- ficer. Assistant service officer is Don Columbo, while Ray Testa is the chaplain. The executive com- mittee consists of Dr. Leo Kroll, Don Kuhn and Frank Kennedy.

The new officers will take office in August.

Women Of Moose Celebrate Birthday Next June 15th

San Francisco Chapter No. 739, Women of the Moose, will hold their 26th birthday celebration at their regular meeting date June 15. Invitations have been sent to the Bay Area chapters. Hostess for the evening will be the mem- bership chairman May Potter. Re- freshments will be served.

June 10 is the meeting date for the executive board. The group will meet at the home of Junior Regent Vivian Lasko.

Officers of the group will be installed at the Moose Hall June 26. Dinner will be served. Reser- vations must be made.

A mobile wildlife laboratory is used by the California Division of Fish and Game to speedily diagnose diseases of game birds and animals in the field.

Miss C. Holcomb, George Fernandez, Unite In Marriage

A handkerchief which had been carried at the weddings of five of her relatives was used as the some- thing borrowed and something old by Miss Christobel Holcomb at the ceremony in which she became Mrs. George Fernandez. The ceremony was performed by the Rev. William Harberts at 5 p.m. June 4 in the Grace Presbyterian Church.

Miss Holcomb, the daughter of Mr. and Mrs. H. S. Holcomb, 126 Acton street, was gowned in the traditional white satin gown with long sleeves and a net yoke. She had a fingertip-length veil and car- ried a bouquet of bouvardia cen- tered with a white orchid.

Maid of honor for her sister was Patricia Holcomb, gowned in a pastel green dress and carrying yellow carnations. Mrs. Beverly Hailer and Mrs. Hazel Duarte, sis- ter of the groom, were the brides- maids. They wore yellow dresses and carried green carnations. The bride's younger sisters, Peggy Ann and Lois Marie, were the flower girls. They wore yellow dotted Swiss dresses.

Best man for the groom was his brother-in-law, Thomas Duarte. Bob Hailer and John Guarade per- formed the usher duties. All the men wore white dinner jackets and black trousers, with the exception of the bride's father, who wore a black tuxedo.

Candles were lit by Anita Hol- comb, sister of the bride, and Doro- thy Durate, niece of the groom..

The nuptial music was played by Mrs. Einar Hanson at the organ. Mrs. Jack Price was the soloist. She sang "O Promise Me" and "Be- cause."

A reception was held for 200 guests in Castle Hall at Colma. The bride's mother was dressed in navy blue with a navy jacket trimmed in white pique. Her acces- sories were of navy blue and white. She wore an orchid corsage.

Special guests at the ceremony included the bride's grandparents, Mr. and Mrs. F. P. Holcomb of San Francisco and Mrs. J. W. Bonnet of Manteca.

After a honeymoon in Oregon the couple will make their home in Oakland. The bride is a graduate of Jefferson high school and was formerly employed at the Empori- um. She is a member of the Busi- ness Girls Guild of the Grace Pres- byterian Church. Her husband, the son of Manuel Fernandez of Oak- land, graduated from Castlemont high school in Oakland, is an em- ployee of Pacific Coast Aggregates.

Lake Merced Golf Club Entertains Children

Father and Son Night at the Lake Merced Golf Club was cele- brated last Friday when the mem- bers entertained their sons and the children from four orphanages.

First event scheduled on the day's program was the golf tourna- ment in which members of the Oak- land and Seals ball clubs and sportswriters participated. Win- ning the Oscar for the Seals was Dino Restelli, while Dario Lodagini was the winner for the Oaks. Art Rosenbaum of the Chronicle was the champion golfer of the sports- writers.

All the youngsters were then given batting practice, with Man- ny Perez pitching and Roy Jarvis catching.

At dinner each child was given either a Seals or Oaks ball cap, an autographed baseball and a T-shirt. Pictures of the last world series were shown.

Lefty O'Doul, manager of the Seals, and Charlie Dressen, man- ager of the Oaks, had charge of a quiz program held for the children. Two gloves and two bats were given away to winners.

After the quiz program the chil- dren were taken to see the ball game between the Oaks and the Seals. Bars of candy and coke were given to each.

Rifles using rim-fire cartridges, or bullets with full metal jackets are prohibited in the taking of big game animals, reminds the Division of Fish and Game.

An angling license is required for the taking of all species of fish, mollucks, and crustaceans, says the Division of Fish and Game.

NAVY WELCOMES JAYSEE GRADS

Junior college graduates and young men who have successfully completed two years of college are now being selected for Pensacola flight training.

Graduates of this eighteen-month course receive an ensign's commis- sion in the U.S. Navy at the time they receive their Navy wings.

Information on this program may be obtained by phoning or visiting your local Navy recruiting station at county courthouse, Red- wood City.

Special Program Slated Sunday At Ocean View Church

A special program on behalf of the organ fund will be presented at the Ocean View Community Con- gregational church Sunday at 7:30 p.m. George Cameron will be the soloist.

Two moving pictures will be shown. They are "We Would Be Building," a color film showing how a church in Maryland was built by the people of the congre- gation, and "Day Break," a picture filmed in Austria.

At the regular church service at 11 a.m. Sunday Rev. Joseph Ben- nett will speak on "Thy Kingdom Come."

The Sand Lots of America

Baseball has been a healthy and wholesome influence in the lives of American youth. It has taught them the lessons of fair play and obedience to rules in all human relations. Like other clean sports, it has furnished an outlet for youthful energies and enthusiasm.

The delinquency in America today is traceable to idle time spent in street-loafing and back-alley sessions with questionable associates rather than in healthy, constructive activities.

In contrast, it has been said that the character and stamina shown by American boys on the battle- fields of the world was built up on the sand lots of this country in clean and invigorating sports.

Only a nation founded on the concepts of Christi- anity can produce this fair-minded and honest sports- manship. Only by upholding such standards as the Golden Rule can we expect our youth to engage in constructive spare-time activities.

Thus we find that religion is the true answer to delinquency. So that Christian teachings may become a greater part of our national life, we must bring our youth into the Church where they will learn to live and play by the Golden Rule.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest fac- tor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and sup- port the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and ma- terial support. Plan to go to church regularly and read your Bible daily.

Certificate of Individual Doing Business Under a Fictitious Name

No. 2483

KNOW ALL MEN BY THESE PRESENTS:

That I, the undersigned, JOSEPH LEWKOWITZ do hereby certify:

That my full name is JOSEPH LEWKOWITZ and that my place of residence is at 501 Vista Grande Ave., Daly City in the County of San Mateo, State of California.

That I am transacting business in the State of California under the name and style of DALY CITY SUPER SERVICE and that I am the sole owner and proprietor of said business; that the principal place of business is at 3356 San Jose Avenue, Daly City, in the County of San Mateo, State of California;

IN WITNESS WHEREOF, I have hereunto set my hand this 25th day of May, 1949.

JOSEPH LEWKOWITZ

STATE OF CALIFORNIA)
) ss.
County of San Mateo)

On this 25th day of May, in the year One Thousand Nine Hundred and forty-nine, before me, Lorraine Lavagnino, a Notary Public in and for the County of San Mateo, State of California, personally appeared JOSEPH LEWKOWITZ known to me to be the person whose name is subscribed to the within instrument, and he duly acknowledged to me that he executed the same.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed my official seal at my office in the County of San Mateo, the day and year in this certificate first above written.

Cut Flowers

After cutting fresh flowers from the garden, place in water almost to the blossoms. Insert scissors under water and cut off a small portion of the stem. Keep stems under water until flowers become turgid and stand up well for artistic arranging.

Removing Stains

If you are not sure about the cause of a stain in clothes or linens, it is best to apply the mildest treatment first in removing it.

Credit Sales

Almost one-third of all retail sales in the United States during 1938 were made on credit. Instalment sales accounted for 9.3 per cent of all retail sales in the nation.

Re-Heating Rice

To re-heat rice, steam it in a colander or sieve over boiling water, or add a few tablespoons of water to the rice and heat it in a covered pan over boiling water, or in the oven.

South Pole Ice Cap

Growth of the South Pole ice cap is certified by the snowfalls which produce the thousands of great icebergs disgorged annually along its 12,000 mile coast line.

LEGAL ADVERTISING

NOTICE OF SALE OF REAL ESTATE AT PRIVATE SALE

No. 122907

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE CITY AND COUNTY OF SAN FRANCISCO.

In the Matter of the Estate of OLAF AKSELSEN, also known as HARRY O. AKSELSEN, Deceased.

NOTICE IS HEREBY GIVEN that the undersigned, IVAR AKSELSEN, administrator of the estate of Olaf Akselsen, also known as Harry O. Akselsen, deceased, will sell, at private sale to the highest bidder for cash and subject to confirmation by the above entitled Superior Court, on Monday, the 13th day of June, 1949, at the hour of 10 o'clock a.m., or after said date, at the law offices of Christin, Keegan & Carroll, Suite 550 Russ Building, in the City and County of San Francisco, State of California, all of the right, title and interest of said Olaf Akselsen, also known as Harry O. Akselsen, deceased, and all of the right, title and interest that the said administrator of said estate has by operation of law or otherwise acquired other than or in addition to that of the said Olaf Akselsen, also known as Harry O. Akselsen, deceased, in and to that certain parcel of real property situate in the County of San Mateo, State of California, more particularly described as follows, to wit:

BEGINNING at a point on the center line of North Lemon Avenue, distant thereon 500 feet northwesterly from its intersection with the center line of Santa Cruz Avenue and running thence northeasterly and parallel with said line of Santa Cruz Avenue 257 feet; thence at a right angle northeasterly 203.92 feet; thence at a right angle southwesterly 257 feet to the center line of North Lemon Avenue and thence southeasterly along said last named line 203.92 feet to the point of beginning. Being a portion of Martin Tract, as per map thereof filed in the office of the Recorder of the County of San Mateo, State of California, September 6th 1887 in Volume "D" of Maps at page 34.

Bids and offers are invited for said property, and must be in writing and will be received at the law offices of Christin, Keegan & Carroll, Suite 550 Russ Building, San Francisco, California, attorneys for said administrator, or may be filed with the Clerk of said Superior Court of the State of California, in and for the City and County of San Francisco, or delivered to said administrator personally at any time after the publication of this notice and before the making of said sale.

Terms and conditions of sale: Cash in lawful money of the United States of America, 10% of the purchase price to be paid on the date of sale, balance at confirmation of sale by Court.

DATED: May 23, 1949.

If Birds Quit Laying

Although a positive diagnosis of Newcastle disease can be made only by laboratory tests, there is plenty of reason to suspect this malady if egg production in a flock dips sharply—nearly to zero. A veterinary bulletin points out that a drastic drop in egg production, whether due to Newcastle disease or some other type of trouble, should be a warning for poultrymen to get a prompt diagnosis and start corrective measures at once. If the trouble is actually Newcastle disease, respiratory and nervous symptoms usually will be evident.

"Virginia Peanuts"

More "Virginia" peanuts and more "Virginia" tobacco are grown in North Carolina than in any other state.

Stick of Butter

One stick of butter is equal to exactly one-half cup if measured

Deer Feeding

Nearly 1,000 tons of alfalfa hay and concentrated deer food were distributed in Wisconsin's deer yards during 1947 to feed an estimated number of only 23,000 deer. The cost of this operation $72,000, along with the required payment of deer damage claims amounting to over $55,000 in 1947, has brought about the general concession by game biologists that deer feeding is a waste of effort and money.

"Injun Summer"

Indians believed that the masses of red in the autumn trees was from the blood of the Great Bear slain by celestial hunters.

Heat Conservation

Weatherstrip loose fitting windows and doors to make them tight and conserve heat.

Coronary Thrombosis

Deadliest disease in the United States is heart disease, and the most frequently fatal of all heart ailments is that known as coronary thrombosis. Statisticians expect afflictions of the coronary arteries to kill one man in 30 and one woman in 90 above 40 years old this year.

Radar and Storms

Radar was used during the war to "see" electrically the planes and ships of friends and foe in daylight, darkness or fog, far beyond the range of the human eye. With its radar a ship could navigate into a harbor in a pea-soup fog. Today scientists are using radar to map and study storms in a 200-mile circle around a weather station at Wilmington, Ohio.

STRICTLY FRESH

WILL the present session of the United Nations accomplish anything? Gromyko only noes.

Princess Sets Style

A vogue for filigree spray brooches is being stimulated by Princess Elizabeth, according to leading London jewelers. They trace the style trend back to the gift of a floral spray of diamonds and rubies, notable for its filigree design, which the jewelry industry presented to the princess when she was married to Lieut. Philip Mountbatten, Duke of Edinburgh.

"An Ingenious Man"

"He was an ingenious man that first found out eating and drinking," said old Jonathan Swift, whose wit was matched by a good appetite.

Capitol at Boise

Idaho's state capitol building at Boise is unique in having its own water supply from three artesian wells.

Peaceful International Line

Of the Great Lakes, only Michigan comes entirely within U. S. territory. Superior, Huron, Erie and Ontario are divided at the center by a peaceful international line which, on water or land, is one of the most easily crossed borders on earth.

Breakable Target

A paper target with a printed bull's-eye is the best known rifle target, but most people like to see something happen when they hit a target—have it move or break. Breakable targets can be readily made by sawing a piece of 2" x 2" lumber into 2-inch lengths.

Salt in the Ocean

A scientist estimates that the amount of salt in the world's oceans is enough to cover the United States with a layer a mile and a half deep.

TEST YOUR I. Q.

1. What is the world's largest office building?
2. What state is known as the "Panhandle State?"
3. What South American city

is known as "The City of Kings?"
4. When and by whom was the American Red Cross organized?
5. What is the correct name for the "GI Bill?"

Answers to TEST YOUR I. Q.

1. The Pentagon, housing the armed forces in Washington, covers 34 acres and during the last years of the war provided space for 32,000 workers.
2. West Virginia.
3. Lima, the capital of Peru.
4. The Red Cross was organized in 1881 with Clara Barton as its first president.
5. The bill providing readjustment allowances and education benefits for veterans of World War II, commonly known as the "GI Bill," is Public Law 346, the Servicemen's Readjustment Act.

A twenty-year mutual aid treaty between Great Britain and the U.S.S.R. was negotiated May 26, 1942.

OLPH School Wins First Place In Dist. Swimming Meet

Our Lady of Perpetual Help School was presented with a trophy after winning the swimming meet of the Jefferson Elementary School District last Saturday. The presentation of the perpetual trophy was inaugurated last year with Crocker school winning for the first season.

The winning team won 70 points as compared with 56 for Jefferson, 47 for Woodrow Wilson, and 26 for Crocker. The Woodrow Wilson team gained all its points in the boys division as it entered no one in the girls' events. Crocker had only one girl to participate in the contest.

Winners of the events are as follows:

BOYS "A"

Combined Relay: Crocker, 1st; Jefferson, 2nd; Woodrow Wilson, 3rd; Our Lady of Perpetual Help, 4th.

Free Style, 25 yards: Allan (WW), 1st; Lewkowitz (C), 2nd; Fernandez (J), 3rd.

Breast Stroke: Allan (WW), 1st; Fernandez (J), 2nd; Lewkowitz (C), 3rd; Laramie (OLPH), 4th.

Back Stroke: Galindo (W), 1st; Harold Diamond (C), 2nd; Fernandez (J), 3rd; Bocci (J), 4th.

Free Style Relay: Crocker, 1st; Jefferson, 2nd; Woodrow Wilson, 3rd; OLPH, 4th.

BOYS "B"

Combined Relay: Woodrow Wilson, 1st; Jefferson, 2nd; Crocker, 3rd; OLPH, 4th.

Free Style: Huntsman (W), 1st; Galindo (W), 2nd; Frost (J), 3rd; Lewkowitz (C), 4th.

Breast Stroke: Galindo (W), 1st; Huntsman (W), 2nd; Brandt (OLPH), 3rd; Frost (J), 4th.

Back Stroke: Bocci (J), 1st; Frost (J), 2nd; Huntsman (W), 3rd; Brandt (OLPH), 4th.

Free Style Relay: Jefferson, 1st; Woodrow Wilson, 2nd; Crocker, 3rd; OLPH, 4th.

GIRLS "A"

Combined Relay: OLPH, 1st.

Free Style: Donofrio (OLPH), 1st; Toole (J), 2nd; Mullin (OLPH), 3rd; Lewkowitz (OLPH), 4th.

Breast Stroke: Toole (J), 1st; Mullin ((OLPH), 2nd; Lewkowitz (OLPH), 3rd; Bridges (C), 4th.

Back Stroke: Donofrio (OLPH), 1st; Bridges (C), 2nd.

Relay (Free Style): OLPH, 1st.

GIRLS "B"

Combined Relay: OLPH, 1st; Jefferson, 2nd.

Free Style: Stone (OLPH), 1st; Hathann (OLPH), 2nd; Toole (J), 3rd; Dorospe (J), 4th.

Breast Stroke: Hathand (OLPH), 1st; Stone (OLPH), 2nd; Toole (J), 3rd; Dunne (OLPH), 4th.

Back Stroke: Stone (OLPH), 1st; Toole (J), 2nd; Hathann (OLPH), 3rd; Dorospe (J), 4th.

Free Style Relay: OLPH, 1st; Jefferson, 2nd.

Coaches for the teams are as follows: Father William Steward, OLPH; Don Pagani, Jefferson; Glenn Smith, Woodrow Wilson; William Tergis, Crocker.

High Attendance Reported At Grace Nazarene Church

Attendance has been high each evening this week during the special services being held at the Grace Church of the Nazarene, 101 Vista Grande avenue. The services, which started on Sunday, June 5, with Reverend Roy A. Bevin as guest speaker, will continue until Sunday, June 12.

Roy Bevin, originally from Connecticut and presently living in Pasadena, is a dynamic speaker with a sense of humor and an inreadily liked by young and old.

Music has been notably good, with Clarence Mars as leader. Some of the solos have been sung by Verna Mae McKisson, Jo Wheeler, Vernon Wheeler, Clarence Mars and Reverend McKisson, "the "Irish tenor." "The Daly City Trio," Verna Mae McKisson, Eleanor Miller and Jo Wheeler, who have sung for the Youth for Christ in San Francisco, rendered several selections. There have been duets and quartets and spirited singing of choruses and songs by the congregation. Mrs. McKisson has added to the program with her talented playing of the piano and the electric vibraharp.

The public is cordially invited to attend the three remaining services held tonight and Sunday at 7:45 p.m. and Sunday morning at 11 a.m.

Mammoth Whist Friday, June 24th

The Immaculate Conception Sodality and Holy Name Society of St. Michaels Parish will sponsor a Mammoth Whist at 8:15 p. m. Friday, June 24 in the Parish Hall, 32 Broad street.

The proceeds of the game are to be used to defray expenses for the Fall Fiesta of St Michaels Parish. The public is invited.

NEWS FROM CROCKER P. T. A.

The Crocker P.T.A. will hold its last regular meeting before adjournment for the vacation months Tuesday, June 14, at the General Pershing school, 1:30 p.m. Mrs. Florence Schmidt will preside. Mrs. James Jordan will report on the state convention.

The Crocker and Woodrow Wilson graduating class will be honored at a luncheon at the administration building Thursday, June 16.

Mrs. Florence Schmidt, president, and her financial officers attended the school of instruction of the 19th district, Peninsular Avenue school, Burlingame, June 6.

Jeff High P. T. A. News Column

Representing Jefferson Union High School P.T.A., Mrs. J. M. Hill, Mrs. Everett Heagney, and Mrs. Virgil A. Cady, attended the 17th District presidents meeting at the Peninsula Avenue School in San Mateo June 6.

The work of the coming term was outlined and new chairmen were introduced. The theme chosen for 17th District P.T.A. this year is "Stepping Stones to a Golden Future." Mrs. Stella Jensen has been appointed district counselor for Jefferson Union High School P.T.A.

It was agreed that, in this new term, the film "Human Growth" should be continued to be shown with a qualified person to explain the purpose of the film. Reverend Lloyd Whitfield asked that we enlighten our members and other parents to the fact that there is a child guidance clinic in San Mateo county on Howard avenue in Burlingame to which any person with child problems may go for help.

Don't forget that this Friday, June 10, is the night that five Daly City mothers will sing with the Second District Mother Singers in a concert given at Everett Junior High School, 16th and Church streets, San Francisco.

They are Mrs. Eve Hobbs, Mrs. Ann Lowry, Mrs. Memory Gomez, Mrs. Effie Jordan and Mrs. Grace Hill. To attend this program, patron tickets may be bought from any one of these Mother Singers.

School Paper Rests For The Summer

The Totem Pole, Jefferson Union high school's weekly newspaper, will sign off for the summer with tomorrow's issue. Staff members will be back after the summer vacation to start the paper again with the new school term.

High School Pupils Earn $700 For Band Uniforms

A magazine drive held recently netted the student body of Jefferson Union high school $700. The money will be spent on band uniforms.

General Pershing P.T.A. Salvage Drive Proves Highly Successful Affair

The June 7 meeting of the General Pershing P.T.A. proved to be one of the most interesting held during the school session. After the pledge of allegiance to the flag, led by Mrs. G. J. Sirex, Pershing P.T.A. counselor, a poem was read by Mrs. George Freeland, president, about P.T.A. ladies, entitled "Dear Ladies," composed by Pat Branch, a 14-year-old school girl from Roosevelt Junior High.

Final report on the salvage drive: It was very successful, with a net profit to Pershing P.T.A. of $47.41. Thanks again to all who helped make it so.

Because some of the younger children couldn't possibly carry as much salvage material to school as the older classes, and therefore couldn't come in first, and felt rather bad about it, compensation in the form of little books were presented to the younger classes for their work and cooperation. The classes were those of Miss Hallenback, Miss Intasschi, Mrs. Barker, Mrs. Krummes, Mrs. Ellen Clark and Miss Engles.

General Pershing P.T.A. is happy to announce that, through the good offices of the "Record" in publishing our news, it now has acquired the much needed stove mentioned in last week's column. Thanks to the Daly City Record.

Announcement was made by Mrs. D. C. Gensel, that adance will be held Saturday night, June 11, at 337 Bellevue for all P.T.A. members and friends. The dance is sponsored by Woodrow Wilson P.T.A. and refreshments will be served by them. A four-piece orchestra will provide the music. Tickets are 50c apiece.

The money made from the school cookie sale, $32.70 net, was presented to General Pershing P.T.A. by three boys, Bruce Freeland, Michael Traxler, and Billy Gensel. They also brought cards of "Thanks" to Mrs. D. C. Gensel for her kindness and cooperation with the teachers during her term of office, and one to Mrs. R. F. Traxler for her assistance in arranging seed and dried flower exhibits for display with the "California Caravan." The card donating the money was signed by Miss McGrath, Mrs. Ellen Clark, and Mrs. Vicaine.

Speaker of the day was Miss Clara Dills, who gave a most interesting talk on early California. One of the interesting facts she stressed, that perhaps isn't commonly known, is that there were two toll gates between San Francisco and the lower peninsula through which everyone had to pass going from one end of the peninsula to the other. Miss Dills also mentioned and gave the highlights of several interesting books on early California. In closing her talk Miss Dills read a poem, "Yon Picturesque Peninsula," by Roscoe Wiatt, depicting the beauties of that fair land. Miss Dills read it beautifully.

Mrs. Freeland extended a cordial invitation for P.T.A. members to meet at her house the last Thursday of each month during the summer to keep in touch with each other and talk over things of interest to the group.

A picnic was planned for the first Friday after school to be held at San Mateo Park. All P.T.A. parents and children are cordially invited to attend.

Miss Hallenback's class won the banner for this month for having the most mothers in attendance at the regular monthly meeting.

The meeting was closed with a song, "Galway Bay," sung by Mrs. Freeland and accompanied by Mrs. Traxler. After the meeting refreshments were served. The table was charmingly decorated by Mrs. Traxler, tea service chairman, and Co-chairman Mrs. Raymond Gross. Two slim poles, one at each end, seeming to come out of hills of earth, held a string between them, and on the string, as though they were flying, were blue and yellow birds, each carrying in his beak a large paper letter. The letters spelled out "Happy Vacation," and in between the two poles, down the middle of the table, was a complete vacation scene. A lake and beach with miniature bathers lazing around, small playground equipment, slides, swings, merry-go-rounds, and small playground patrons. In the very center of the table stood the deserted school house, and which one do you think it was? Why, General Pershing, of course!

Kathryn Brooks Graduates From Oakland College

Miss Kathryn Brooks, daughter of Mr. and Mrs. George E. Brooks Sr. of 136 Miriam street, was graduated from the College of the Holy Names, Oakland, last Sunday. Archbishop John J. Mitty, who presided over the commencement exercises at the Lake Merritt campus, presented Miss Brooks with both her Bachelor of Arts and Bachelor of Science degrees.

A former student of both Woodrow Wilson grammar school of Daly City and Immaculate Conception Academy of San Francisco, Kathryn plans an extended vacation in the Redwood Empire this summer. Early this fall she will begin a career in medical laboratory work in San Francisco.

Fall Sports Schedules At Jefferson High

Basketball and football schedules for Jefferson union high school this fall are as follows:

VARSITY FOOTBALL

October 14 ..... Jeff at Lincoln
October 21 ..... Sequoia at Jeff
October 28 ..... San Jose at Jeff
November 4 ..... Jeff at San Mateo
November 11 ..... Burlingame at Jeff

To the wife of Roy Carl Simmons, Route 1, Box 511, Colma, May 30, a daughter.

To the wife of Kenneth Joseph Van Aken, 178 Abbott street, Daly City, May 25, a son.

Annual Tea For Teachers Assn. Is Held June 7th

An annual tea for members and officers of the Jefferson District Classroom Teachers Association was held June 7 in the Administration Building at Santa Barbara avenue. The event honored the teachers who are leaving the district this year.

The room was beautifully decorated by Mrs. Pauline Keagan and Mrs. Ruth Mayo who used a large assortment of springtime flowers. Mrs. Evelyn Hosmer, assisted by Mrs. Elizabeth Meitens, president, gave the departing teachers their best wishes for success as they leave the district.

Jefferson Seniors Hold Picnic At Hearst Ranch

Graduating seniors of Jefferson Union high school went on their annual picnic last Friday afternoon.

The class went to Hearst Ranch near Pleasanton for a day crammed with activities, including golf, swimming, horseback riding, and dancing.

Four teachers accompanied the pupils. Transportation was furnished by the school bus.

Senior Girl Scouts Of Troop 4 Elect New Officers

The girls of Daly City Senior Scout Troop No. 4 elected officers for the year at their last meeting held May 31. The new officers are Lorraine Cady, president; Shirley Bane, secretary; Carley Carle, treasurer; Mary Alice Coverdale, Juliette Lowe funds.

The girls took an overnight camping trip June 3 at Mrs. Hamilton's sister's summer home in Millbrae Highlands.

Woodrow Wilson P.T.A. "Get-Together" Scheduled Saturday Evening June 11th

One of the projects to be undertaken by the Woodrow Wilson P.-T.A. during the summer vacation is the food sales. A definite date will be announced later by Chairman Mrs. Emil Bertelli and Co-chairman Mrs. John Sorensen.

A housekeeping committee was appointed by Mrs. William M. Cheatham to investigate the refurbishing of the hostess facilities for use by the Woodrow Wilson P.T.A. Serving on the committee are Mesdames Ralph Wakehouse and Clayton Chapman, hospitality and co-chairman, and Mrs. Michael Sibetz, food sales chairman.

All members of any Parent-Teacher Association in this vicinity and their friends are invited to attend the P.T.A. "Get-Together" Saturday evening, June 11, at the Bellevue hall, 337 Bellevue avenue. Time is 8:30 p.m. The music will be furnished by a four-piece orchestra. A nominal fee of 50 cents will be charged. Refreshments will be served by the Woodrow Wilson P.T.A. In charge of the informal dancing party will be Mesdames Henry Adami, Carl Berg, and William M. Cheatham.

Information of interest to the budget and finance committee was received at the district executive board meeting Monday, June 6, at the Peninsula Avenue School, San Mateo. Representing the Woodrow Wilson P.T.A. were Mesdames William M. Cheatham, Emil Bertelli, Harold Riley and Henry Adami.

The graduation luncheon, honoring the eighth grade graduates of Woodrow Wilson and Crocker schools, will be held at noon Thursday, June 16, in the sewing room at the Administration building, 344 Santa Barbara avenue. Mrs. Al North, room mother chairman, is in charge of the luncheon representing Woodrow Wilson P.T.A. Mrs. J. E. Surber is co-chairman. Other Woodrow Wilson P.T.A. members assisting with the annual affair are Mesdames Harold Riley, Melvin Olson and Manney Johnson.

Classroom parties will be held Wednesday, June 15, in the respective classrooms. Assisting the teachers will be the Woodrow Wilson P.T.A. mothers.

A ways and means group will plan the budget for the forthcoming year of the Woodrow Wilson P.T.A. at a special meeting to be called this month by Mrs. William M. Cheatham, president. Serving on the committee are Mesdames Ted Hopman, Harold Riley and Emil Bertelli, who are all financial officers and chairmen of the unit. Mrs. Henry Adami, vice president and program chairman, is also included in the committee. Mrs. Adami and Mrs. Bertelli are taking the lead in money raising events for the year.

The final executive board meeting of the Woodrow Wilson P.T.A. prior to summer vacation was held Tuesday, June 7, at 61 Muirwood drive. Mrs. William M. Cheatham was the hostess. Co-hostesses were Mesdames John Sorensen and Carl Berg. A dessert-luncheon was served.

The smartest homemakers in the world are today's California brides. They step forth from wedding aisles into modern homes where many electric servants help keep house the electrical way.
The bride of today becomes a good cook—automatically. Her coffee and her toast or a complete dinner are done to perfection by thermostat and timer.
Her automatic washing machine swishes clothes white and rinses them clean. Then the dryer tumbles them warm and dry (and what a blessing that is on a foggy or rainy day.)
Her food is preserved in the magical cold of a spacious refrigerator and food bargains are stored in a home freezer.
This is the wonderful age of electrical living...especially here in California where electricity does so much for so little money. Remember this...for wedding gifts this month or any month ...choose the ever acceptable electrical appliances.

News Notes From San Mateo Jaysee

Music at San Mateo Junior College is the important topic of interest as the music department offers two musical programs, one Thursday and the other Friday in the college auditorium. Thursday night the concert band, men's glee club, dance band and soloists are performing, and Friday night the acappella choir, symphonic orchestra, and soloists are giving the program. Fredric Roehr and Elmer Young Jr. are the two faculty leaders. The two programs are being given in the college auditorium, and tickets are being sold at the door as the students are helping raise money for the athletic injury fund.

In the past few days the college students have staged a successful carnival, an aquacade, have beaten City College of San Francisco in badminton, held a horseshow with Stanford, California, Mills College, S.F. State, and City College of San Francisco also included, and have had a dinner honoring the college athletic teams, the baseball team especially for winning the northern California title.

This week sees the start of final examinations which will lead up to the graduation of a large group of high sophomores Sunday, June 19. The sophs have held several class events and will have a "brunch" the day of graduation. Their formal dance will be June 17 at the Hotel St. Francis.

TOO HIGH
Dolwig Warns Taxpayers---

Taxpayers were warned by Assemblyman Richard J. Dolwig of San Mateo that if the proposed billion-dollar state budget, plus the $900,000,000 special appropriation bills, are enacted, the per capita tax in California would run $185, as compared with the $94 per capita tax at the present.

The legislature is considering unprecedented budget after the ways and means committee of the lower house made cuts approximating $10,000,000.

The budget must be cut considerably more to avoid a raise in the tax level, according to Dolwig.

"Our per capita tax of $94 compares with an average of $48 in all other states," Dolwig said. He warned that any substantial raise in the state tax rate would place California in a precarious position in competing with other markets in this country and abroad.

"As a result of our heavy tax at the present time, industry has already found it difficult to compete with other markets," Dolwig said. He pointed to the fact that California's unemployed is running 18 per cent, as compared with seven per cent over the nation.

Dolwig declared that he is following the recommendation of the legislative auditor on possible budget cuts, rather than accept the recommendation of what he termed "bureaucratic state department heads."

"The legislative auditor has been retained to keep the legislature informed on the status of state departments and state services," Dolwig said, "while department heads are willing to cut every other department's budget but their own."

NEWS FROM COLMA P.T.A.

The Colma P. T. A. held a special meeting May 31. The members voted to increase the annual dues of the Colma P. T. A. to one dollar. It was also voted to add a second vice-president to the list of officers. Mrs. Julie Bertetta was unanimously elected to the office of second vice-president.

Mrs. Hilda Dennis, president, announced that the Executive Board will meet Tuesday, June 14, 1 p. m. in the Colma Community Center on Dunks street.

HUMAN MOLES BURROW FOR POWER

Tunnel crews like this one form part of the vast labor force of 3000 men whose jobs have been created by P. G. and E.'s $62,000,000 Feather River power development. Two tunnels totaling 10½ miles in length are being drilled through solid granite to carry the "muscle" of the Feather to the generators in two new powerhouses, with a combined capacity of 270,000 horsepower.

FIVE POLIO PRECAUTIONS ARE LISTED FOR PARENTS

Warning that the 1949 polio season is "just around the corner," the National Foundation for Infantile Paralysis today issued a list of precautionary measures to be observed by those in charge of children during the epidemic danger period which usually runs from May through October, reaching its peak during the hot, mid-summer months. The five easy-to-follow health rules for children are:

1. Avoid crowds and places where close contact with other persons is likely.

2. Avoid over-fatigue caused by too active play or exercise, or irregular hours.

3. Avoid swimming in polluted water. Use only beaches or public pools declared safe by local health authorities.

4. Avoid sudden chilling. Remove wet shoes and clothing at once and keep extra blankets and heavier clothing handy for sudden weather changes.

5. Observe the golden rule of personal cleanliness. Keep food tightly covered and safe from flies or other insects. Garbage should be tightly covered and, if other disposal facilities are lacking, it should be buried or burned.

The National Foundation also listed the following symptoms of infantile paralysis: headache, nausea or upset stomach, muscle soreness or stiffness, and unexplained fever. Should polio strike in your family, call a doctor immediately. Early diagnosis and prompt treatment by qualified medical personnel often prevent serious crippling, the National Foundation pointed out.

The organization emphasized that fear and anxiety should be held to a minimum. A calm, confident attitude is conducive to health and recovery. Parents, it said, should remember that of all those stricken, 50 per cent or more recover completely, while another 25 per cent are left with only slight after effects.

If polio is actually diagnosed, contact the chapter of the National Foundation for Infantile Paralysis serving your community. The chapter will pay that part of the cost of care and treatment which patient or family cannot meet.

Strange Fish

The sword-tailed fish, which finds its way into many a tropical aquarium, has a peculiar way of wooing. The handsomely colored male will swim excitedly around the female, giving her an occasional dig with his stilleto-like tail. It isn't a fight. It's only their way of making love.

Asparagus Stalks

The flavor of the butt ends of the asparagus stalks is not sufficiently good to warrant canning them. The more tender portions, however, when cooked in the boiling water left over from the canning process are satisfactory for immediate serving or for soup. Overmature stalks are also good for soup.

Fresh Eggs

Maintenance of egg quality depends on method and temperature of storage. Newly gathered eggs kept at room temperature will deteriorate as much in eight days as will refrigerated ones in 100 days.

Worried About Going Crazy? It's a Good Sign You're Not

If you fear that you're going crazy, you can forget it right now. Psychiatrists will tell you that worrying about a serious mental breakdown is one of the best indications that you **won't** have one.

"As a matter of fact," says an article in the June issue of Cosmopolitan magazine, "the person who goes through life convinced that he is sane and the rest of the world is crazy may have more cause for worry about his mental condition than the one who is concerned over his sanity."

Writing on the subject of "How They Know You're Not Crazy," Rhoda Leigh Lorand, a graduate student in psychology and wife of eminent psychoanalyst Dr. Sandor Lorand, assures readers that fears of going crazy are **not** abnormal and that millions of people experience them.

"People under great strain often break down under it," says the author. "The psychiatrist can determine in one visit whether they are really psychotic . . . or whether they are unjustifiably alarmed. Chances are they are either completely normal and simply victims of a temporary nervousness, or they may have slight neurotic tendencies, easily curable."

The article describes the five principal means which medicine uses to determine the state of a patient's sanity, namely, the reflexes, brain waves, the ink blot test, drug hypnosis and shock treatment.

According to the author, "The very fact that you have fears (about sanity) is a good sign, for nature provides you with the emotion to protect you against further trouble. When you stop yourself cold in your tracks and say, 'I am going crazy,' you are really calling a halt to the troubles that have been piling up."

Commercial Penicillin

According to a joint statement made by the United States Public Health service, the United States Food and Drug administration and the committee on medical research of the OSRD, commercial penicillin "is not a single substance, but a mixture of several," identified by the letters G, X, F and K. Much commercial penicillin contains K, which is said to be "relatively ineffacious against the several infections against which it has been experimentally studied," because of the ease with which it is destroyed in the body.

Making Soap

Mild soap may be made from only three ingredients, fat, water and lye. If hard fat, such as beef or mutton, is used, the proportion is six pounds of fat, six cups of water, and one can of lye. If a soft fat such as lard or bacon fat is used, use the same amounts of fat and lye, but reduce the water to four cups. The soap may be made stronger by adding one and one-half tablespoons of borax and one-half cup of ammonia.

Companion Trees

Since apple trees depend upon "companion" or pollinator varities for good pollination, the trees of any one variety should not be planted in large solid blocks. Where such blocks are established, grafting and the use of bouquets from suitable trees at blossoming time, are suggested as temporary remedial measures.

Care of Goldfish

When goldfish are sick be sure they are not overcrowded, overfed, given improper foods or that sick fish have been mixed with healthy ones. Perhaps the water needs changing or the aquarium needs more light. A pinch of salt, either epsom or table, will benefit all fish.

Industrial Accidents

Between 80 and 90 per cent of all industrial accidents are caused by unsafe practices, while unsafe conditions are responsible for only 10 to 20 per cent. Estimates show that 16,000 to 19,000 persons are killed each year as a result of occupational accidents.

Save the Flakiness

There's a trick to re-rolling or storing pastry that can mean the diffrence between flaky pastry and that which is not. Instead of wadding the pastry scraps up into a ball before storing or rolling, stack them neatly, piece on piece. In this way the flaky structure is preserved rather than destroyed.

Preventing Cattle Bloat

To keep bloating in check, hungry cows should never be turned into a flush clover pasture without first feeding them all the nutritious hay they will eat just before turning into pasture. This can be accomplished by taking cattle off pasture early in evening and feeding hay next morning before allowing on pasture.

Green Skin

Little green men do not exist solely in nightmares. According to the Encyclopaedia Britannica, the complexions of the Punans, natives of Borneo, have a greenish hue because they never expose themselves to direct sunlight, but live perpetually in the half-light of the forest.

Community Washing Machines

There are some 20,000 self-service coin operated washers in New York City apartment houses. Permits are required for each machine, and health inspectors see that owners — mostly operating companies and not landlords—furnish adequate supplies of hot water.

Old Shoe Store

Learned's shoe store is still doing business at the same old stand just off historic Dock square where it was founded in 1792.

Elaine Plasberg To Be Installed As Honored Queen

Installation ceremonies of Bethel No. 26, International Order of Job's Daughters, will be held on Friday evening, June 10, at Mission Masonic Temple. Miss Elaine Plasberg will be installed as the 47th Honored Queen. The affair will begin at 8 p.m. Hostess for the evening will be Gwendolyn Podesta, past honored queen of Bethel No. 26, and Daniel Smith, past associate guardian of Bethel No. 26, will act as host.

The installing officers, all of whom are past honored queens of Bethel No. 26, are Betty Barner, chaplain; Janet Affonso, recorder; Beverly Terrel, junior custodian; Gloria Dahzelle, senior custodian; Florence Rowlands, reader. Mrs. Evelyn Busby, director of music for the bethel, will be the installing musician. The installing guide will be Marilyn McDevitt, the installing marshal, Janet Smith, junior past honored queen of Bethel No. 26.

The following members will be installed to their respective stations: Lucille Forsyth, senior princess; Joan Skinner, junior princess; Marion Smith, guide; Elise Anderson, marshal; Joyce Braunworth, senior custodian; Roberta Bulloch, junior custodian; Joann Clement, outer guard; Marilyn Cousins, inner guard; Barbara Anselmi, recorder; Carol Hopper, treasurer; Karleen Markusson, chaplain; Inez Kenny, musician; Jean Skinner, librarian; Faith Conragen, first messenger; Glenna Monhaim, second messenger; Joyce Von Haren, fifth messenger.

Dancing will follow the installation.

Huge Building

The Merchandise Mart building in Chicago could hold the entire population of the city standing. Located on the north bank of the Chicago river, the Mart houses much of the wholesale dry goods business.

1947 Potato Crop

The 1947 production of potatoes—more than 44 million bushels—was nearly two million greater than in 1946. In both years the crops were nearly a third larger than the 1944 and 1945 corps of less than and more than 33 million bushels. These four large crops compares with an average of about 20 million bushels for the 10 years from 1936 to 1945.

Luncheon Dish

Dried beef may be torn into small pieces, sauteed in butter or margarine and then added to a sauce made of condensed mushroom soup and milk. Served on toast or in a noodle ring it makes an excellent luncheon dish.

WHEN MOTOR BRAKES BEST

The engine is a good brake at all times, declares the National Automobile Club, but there is one instance where it probably is the best. That occurs when one has blown out a tire. Putting on the brakes to stop the car, especially if a front tire has blown, makes the steering job many times more difficult. If the way ahead is clear, the better plan is to let the engine bring the car to a stop with the brakes, used as sparingly as possible.

Sixteen per cent of California's total 1948 deer kill of 47,770 bucks was taken within 100 miles of San Francisco, according to figures released by the Division of Fish and Game.

Commercial trappers in California last year took a total of 59,871 fur-bearing animals of all species, reports the Division of Fish and Game.

TWINS? LOOK AGAIN—What appears to be a cute brother-sister combination turns out to be the same youngster, 3-year-old Vic Cortese, of Memphis, Tenn. The coy little "girl" at the left was transformed into the grinning he-man at the right after a bitter struggle in the barber's chair.

BOUND FOR TEXAS—Clem Shefchif, 19, left, and Bob Heise, 20, take a last look at Milwaukee as they set out on the first leg of their journey to King County, Texas. The youths plan to camp out on the 1500-mile horseback trip which they figure will take about three months.

SCENIC TRIP

The route from Fort Bragg to Willits, a distance of thirty-six miles, is open and in fair condition for the motorist with a desire to travel an especially scenic route following consecutively the South and North Forks of the Noyo river, states L. L. Norris, touring director of the National Automibile Club.

The first 18 files out of Fort Bragg is in good condition, being an oiled macadam two-line highway. This route leads through miles of heavily timbered country and is a restful change from fast traffic found on the main highways. The last sixteen miles into Willits requires slow and careful driving. The road is a two-way road with the exception of short stretches where slides have narrowed it, but the route is quite winding and in a few places necessitates second-gear driving. The road surface is somewhat corrugated, and there are innumerable turns. The motorist who prefers the byways to the highways will find this a most enjoyable trip. Many places are to be found along the way for the picnicker. An hour and twenty minutes to an hour and a half should be allowed to drive the 36 miles between Fort Bragg and Willits.

Restless Sleeper

The average sleeper, as studied by scientists, has been found to turn at least 20 to 45 times per night. This number is sharply increased in case there has been any mental or emotional disturbance before going to sleep For instance, a young man, whose best girl had gone out with a rival, moved 200 times during sleep, when he normally moved only 72 times.

Farm Marketing

Of the nation's six million farms, the top one-third marketed 84 per cent of all farm products sold, the middle one-third about 13 per cent, and the bottom one-third sold only 3 per cent.

Reading This With Glasses Off? Maybe You've Never Needed Them

A number of optometrists prescribe glasses when none are needed, recommend new glasses when old ones are completely adequate, and frequently sell frames with a seven hundred per cent markup, according to an investigation reported in the June issue of Cosmopolitan magazine.

The investigators, who were sent to several cities, found price spreads ranging from fifty cents to fifteen dollars for lenses of identical prescription. At some credit optical shops, the dealers made profits on down paymenis alone.

Anticipating that "various people will protest publication of this article," the editors state that their "one and only purpose is to present certain facts as they appear with the hope that this might turn out to be a useful public service."

At one credit place, an investigator was asked thirty-two dollars for lenses and frames costing $19.50 in a smart optical shop and $22.50 in a local department store.

Of the magazine's investigators, some wore glasses, others did not. Some needed glasses, others didn't. All presented themselves to oculists and optometrists for typical examinations and made summaries of diagnoses, fees, and costs of lenses and frames.

The article explains the vast differences between the licensed capabilities of opticians, oculists and ophthalmologists, and recommends a safe way to have eyes examined and fitted for glasses.

"If you are a candidate for eyeglasses, your first problem is to choose between an oculist and an optometrist," says the report. "Optometrists make their living from selling glasses. . . Therefore optometrists need the stauncnest moral fiber to resist selling glasses to borderline patients who would probably be just as well off without them. . . Oculists, on the other hand —except for a few who indulge in kickbacks — earn the same ten-dollar or fifteen-dollar examination fee whether they recommend no glasses or forty-dollar bifocals. Since oculists generally are not in the business of making and selling glasses, despite their higher initial fee, they frequently represent a less costly choice."

Sometimes, the investigators report, optometrists grow indignant over the optical kickback racket. "Under the kickback system," they explain, "an oculist sends you to a specific optician to have your glasses made, and this optician rebates to the oculist a portion of the money you pay for glasses. Ovi ously, reputable oculists and opticians won't lend themselves to such procedure, and today it is believed to be rare. . . In the last decade, the American Optometric Association has made considerable progress in raising professional standards and discouraging commercialism."

The article recommends some sight-saving rules which are calculated to guide readers in protecting their eyes. It reminds readers that their eyes are "the most delicate and complicated organ in nature" and that, according to estimates, eighty-three per cent of everything they know was learned through their eyes.

Use Old Felt

When you are cleaning and sorting clothes, don't discard your old felt hats. Save them, as they can be useful. Cut to shape and use the felt for coasters or vase pads or for any other object that always scratches the table. Be sure colors are moisture proof.

MacArthur Stamps

The New Philippine republic honors Gen. Douglas MacArthur with three new stamps, each bearing his portrait. The stamps are four centavors gray-violet, 6-c red and 16-c blue.

SEEK TREASURE BY AIRPLANE

SYDNEY, N.S.W., June 8 — Aerial mineral surveys are now being organized here. The "Silver City," a British Dakota plane, is now conducting geophysical surveys. The plane is equipped with modern radar devices and carries an aerial magnetometer, the only instrument of its kind outside North America.

Operating on radar bearings, the plane can prospect country while flying at an altitude of between 500 and 4,000 feet and obtain a recording of minerals while traveling at 100 miles an hour. Mineral deposits are plotted on charts by the magnetometer and radar bearings give the exact location within a very small margin of error, it is reported.

"Keep Homefires Burning"

The Second American division entered the line on the Marne on June 4, 1918.

Uphold Court's Integrity

Only one justice of the United States Supreme court has ever been impeached—and that one was acquitted and resumed his seat on the bench, according to the Encyclopaedia Britannica. Articles of impeachment were brought before the senate against Justice Samuel Chase in 1804 because of his activities in behalf of the Federalist party

When Ducks Cannot Fly

Just before the molting period, ducks and geese fly to bodies of water where they will be safe from land enemies. The reason is the fact that they molt their primary feathers all at one time and, for a short period, cannot fly.

HALIBUT LANDED

Anglers have landed some sizeable halibut during the past few days on the piers at Santa Cruz, Capitola, and Sea Cliff in Santa Cruz county, according to the National Automobile Club. Barge fishing in this area has also been very good.

Automatic Fuel

Gas is the most completely automatic fuel. Gas heating units require no attention from the owner from season's beginning to season's ending. They do, however, require at least an annual servicing by an experienced heating contractor.

Feather River Power Developm't. Nears Completion

OPOPEE CREEK CAMP (Plumas County) — Pacific Gas and Electric Company's huge Feather River power development is nearing completion exactly on a record-setting construction schedule despite the immensity of the $62,000,000, 2½-year project employing 3,000 men.

First new power is scheduled to pour forth next November from the 101,000-horsepower generators of Cresta Powerhouse. Three months later, in February, 1950, the 169,000-horsepower Rock Creek Powerhouse is scheduled for operation.

When the two plants are on the line, the Company will have added 863,200 horsepower to its generating capacity since V-J Day. Elsewhere on the Company's system new plants are under construction which will add more than a million additional horsepower by the end of 1951. P. G. and E.'s postwar expansion is the world's biggest power-building program, an investment of private capital exceeding $600,000,000 in concrete, steel, equipment and payrolls to serve growing California.

Involved in the double-barrelled Feather River project are the construction of two dams, two tunnels and the two powerhouses as well as a major highway relocation, erection of transmission lines along precipitous canyon walls, the transpotation of heavy supplies and the housing and feeding of construction crews.

For 16 miles through the narrow canyon of the Feather every sizeable space along the highway has been put to use. Trailers, tents and temporary houses of workmen's families line the river bank from roadside to the water's edge. Dormitories for single men crowd against the canyon wall. Down in the valley at Oroville and high in the mountains at Quincy the families of other workmen unable to get nearer have rented all available housing.

Trains puff up the gorge bringing carlods of steel, electrical equipment and heavy machinery. Shuttling trucks distribute supplies to the scattered sites of the many-phased project. Massive road construction equipment carves out a new route for the Feather River highway above the waterline of a future reservoir. Linemen high on the canyon slope and hard rock miners tunneling deep in the heart of the mountains labor to complete their parts in the great project.

Rock Creek Dam construction began September 8, 1948, and now is 91 per cent complete, with 140,000 cubic yards of concrete in place. First concrete was poured at Cresta Dam on August 6 last year. It is now 96 per cent complete, with 76,500 cubic yards of concrete poured.

The dams will harness the plunging power of the Feather, diverting the water through 10½ miles of tunnel, 25 to 27 feet in diameter, to the powerhouses, after which it will flow on undiminished for irrigation and domestic use in the valley below. Tunnel construction began in August, 1947, and now is 75 per cent complete, with 42,700 out of 55,670 feet driven to date.

The two powerhouses are 70 per cent complete. They will bring the number of P. G. and E. hydroelectric plants on the Feather River to five. Their 270,000 horsepower added to the 244,000-horsepower capacity of the three existing company plants will make a total of 514,000 horsepower of generating capacity in the Feather system.

Existing plants on the watershed are Caribou Powerhouse (90,000 horsepower), commissioned in 1921; Bucks Creek Powerhouse (67,000 horsepower), commissioned in 1928; and Big Bend Powerhouse near Oroville (87,000 horsepower), which began operation in 1908.

NEW FEATHER RIVER DAM NEARS COMPLETION

For 16 miles along the Feather River nearly 3000 men are at work as Pacific Gas and Electric Company rushes a huge $62,000,000 project to develop 270,000 horsepower of electricity from two new powerhouses. Nearing completion is Rock Creek Dam, above, which will divert water into 6½ miles of 25-foot tunnel to serve the new Rock Creek Powerhouse. Another tunnel 4 miles long will carry the water from Cresta Dam to Cresta Powerhouse, also near completion.

GLENN COUNTY TROUT

Trout anglers have been enjoying some first-rate sport during the last week along the waters of Glenn county, according to the National Automobile Club. Although the streams are still high, they have cleared considerably in the past few days.

Veterans Weekly News Column

Veterans Administration officials estimate four out of five veterans widows who are suddenly faced with the necessity of filing claims for pensions find themselves unable to lay hands immediately upon copies of public records necessary to establish the claims.

One of the most important steps a married veteran or serviceman can take to protect his wife and children in case of his death is to place on file a certified copy of the public record of marriage, together with complete certified records of any previous marriages of himself and wife. Copies of birth certificates of any children should also be obtained.

Many a tragic delay in settling the pension claim of a veteran's widow has resulted because the widow or her dead husband had been married previously and adequate proof of the dissolution of that marriage was produced only after a long and painful search.

Before the widow's claim can be settled, the VA must trace down the facts of that previous marriage to make sure it was dissolved and the widow was legally the veteran's wife at the time of his death. This may mean searching the records in each county in which the veteran lived during his first farriage.

Veterans and servicemen owe it to their loved ones to insure that necessary records are readily available in case of death.

Question: What supporting evidence must be furnished by a widow or child in order to claim death pension?

Answer: Proof of legal relationship of widow (marriage and dissolution of prior marriages of both spouses) and proof of legal relationship of child or acknowledgement of child by veteran.

Question: May death pension be paid to a widow who has remarried?

Answer: No. She loses all status as a widow of her previous husband upon remarriage.

Question: Why is it necessary to submit proof of legal relationship when this evidence was on my husband's military service records?

Answer: The statement on military records is not considered sufficient evidence for a court of law. No investigation is made by the military of legality of the marriage or legal dissolution of previous marriages, either of yourself or your husband. Those facts must be established by authenticated copies of public records.

Post Office Auction Slated Tuesday, June 21

The San Francisco Post Office will be the scene of the OL HOSS sale starting Tuesday, June 21, Acting Postmaster John F. Fixa announced today.

At this annual event all unclaimed merchandise which has come into the hands of the Post Office due to lack of proper address, faulty packing or wrapping on the part of the sender, is auctioned off to the highest bidder.

On sale this year will be unclaimed articles from four western states, the Army and Navy post offices of the Pacific and the island of Guam. There will be a total of 6,500 lots, stated Mr. Fixa.

A variety of items including watches, rings, bracelets, silverware, new and used clothing for men, women and children, nylon hosiery, auto tires, toys, musical instruments and other merchandise also will be offered to the highest bidder.

A display of much of the merchandise will be made at the main post office Monday, June 20, from 9 a.m. to 3 p.m.

The auction will start Tuesday, June 21, at the main post office, 7th and Missions streets, and run through Saturday, June 25, from 8:30 a.m. to 4:30 p.m. each day.

BACK IN ... Maggio, Yankee Clipper sidelined for a month and a half because of an ailing heel, gets set to take a healthy cut during batting practice at Yankee Stadium in New York. Joe wore blisters on his hand hefting the lumber his first time out

SALMON RUN

A fairly good run of salmon has been going up the Merced River in Merced county during the past few days, reports the National Automobile Club.

S.F. Mecca For Conventioneers

SAN FRANCISCO, June 8—San Francisco will be the mecca for almost 20,000 conventioneers during June, according to an announcement of the San Francisco Convention and Tourist Bureau.

In addition to regional and statewide conventions, several national groups will converge on the Bay city, including the American Federation of Musicians; Optimist, International; American Home Economics Association, and the American Society of X-Ray Technicians.

Tolls ranging from 25 cents for a horse and rider to a dollar for a four-horse team, were charged on the first plank-paved toll road in San Francisco in 1850.

TROUT FISHING PICKS UP

Trout fishing picked up recently in the Stonyford area of Colusa county, reports the National Automobile Club. Several limits have been taken from the North Fork of Stoney Creek and three of the best limits of the season have been taken from the South Fork of Stoney Creek.

Toy Fair At Bay City Mart

SAN FRANCISCO, June 8 — All roads will lead Western buyers to the annual Toys and Juvenile Goods Show which opens here Sunday, June 12, for a six-day run at the Western Merchandise Mart, according to Frank K. Runyan, Mart president.

Buyers will see a full display of over 700 lines of the latest products of the nation's leading manufacturers of toys, children's furniture, aquatic and beach accessories, indoor and out door play equipment and many other kinds of infants' and juvenile merchandise.

On Tuesday the Far Western Toy Club of San Francisco will sponsor its second annual trade luncheon in the Mart, when Henry R. Siess, president of the toy club, will preside.

Devised Spectacles

Spectacles were first devised about 1285 by Salvino Armati, a young nobleman of Florence, Italy. Some investigators have asserted that he was assisted in his work by Alessandro Spina, a Dominican monk of Pisa. However, the monastery archives declare that Spina learned from another the art of making spectacles.

Origin of Domestic Cattle

Domestic cattle are descended from wild cattle of the genus "Bos." Five groups are generally included in this genus. It has been estimated that cattle have been domesticated since 4,000 to 5,000 B. C. Cattle of Zebu or Indian origin have increased with astounding rapidity on the ranches of the United States.

Gauging Hose

Don't buy sheer hose for every day use if you expect good wear. "Denier," which refers to the weight of the thread, should be the guide; for example, heavy duty rayon stockings should have a 100 denier; everyday hose, 65-75 denier, and sheer dress hose, 50 denier. Gauge, each 1½ inch must be considered also. Buy 51 gauge for 50 denier rayon; 48 gauge for 65 denier rayon; 45 gauge for 75 denier rayon; and 42 gauge for 100 denier rayon. Be particularly careful to get higher gauge if possible, but never lower.

Phenothiazine Poisoning

Phenothiazine poisoning is apt to occur when large doses of this worm medicine are given. Because some owners have no conception of the proper amount to give animals, there have been many cases of severe illness due to overdosing. Except in extreme cases, phenothiazine-poisoned swine recover with a minimum of treatment, but they must be kept out of the sun. If left exposed to hot sunshine, most of them will die.

Famous Irish Castle

Near Limerick, Ireland, is the famed Cratloe castle, once the headquarters of Brian Boru, the warrior king who united Ireland in the 11th century, during his battles with the Danes. The castle is in complete ruins today, and serves only as a striking background for a peaceful rural scene.

Make Use of Felt

Use felt from discarded hats for house slippers, a handbag, warm mittens for a school child. Grease spots come out of felt with dry-cleaning solvent—or the felt may be washed in mild, warm soapsuds, though this takes out some stiffness. Felt may be stretched slightly, shrunk, or molded with steam and a hot iron, and sewed by hand or machine the same as cloth. Since there is no raveling, there is no need to finish seams.

Heat Breaks Down Egg

An egg is never better than just after it is laid and summer heat will rapidly start to break the egg down. Experiments conducted at the University of Delaware have shown that eggs left in the nest only four hours after being laid deteriorated considerably.

Pillow Cases

The prevalent idea that pillows will last a lifetime, or can even be handed down through generations, is erroneous. Feathers are fragile, and waste away after long usage. The pillow loses its buoyant resilience, and is no longer effective as a rest for the neck muscles.

Bottle Delivery

When milk was first delivered in bottles most people were so pleased with the improvement that the lack of complete protection was overlooked. Then it was realized that the unprotected lip was a source of possible contamination. Now most boards of health require hoods as well as pasteboard caps.

Glycerine Coatings

Glycerine, which until recently, had seldom been seriously considered in connection with the products of the paint, varnish and lacquer industry, has become an important factor in the manufacture of protective and decorative coatings. This is due to the extensive use of glycerine in the manufacture of synthetic resins, including ester gums, which, in turn are used in the formulation of important coatings, many of them highly specialized.

Honor Pathfinder

George Lathrop, driver on the famous Cheyenne - Deadwood stagecoach trail, is buried near the point in eastern Wyoming at which U. S. 20 and the old line intersect. An official monument marks the grave.

SPORTSMEN'S CALENDAR

The Division of Fish and Game reminds California sportsmen of the following general regulations which apply to current hunting and fishing.

BLACK BASS — Bag limit: five fish. No size limit.

SUNFISH, CRAPPIE, SACRAMENTO PERCH, CALICO BASS —Bag limit: 25 fish of all species in aggregate. No size limit.

CATFISH — No closed season. Bag limit: 15 pounds and one fish in the aggregate in the round. Night fishing permitted only in District 22, Siskiyou, Shasta, and Modoc counties.

OCEAN FISH — No closed season except for grunion and salmon. Bag limits: 50 scallops, 15 rockfish, 2 marlin, 2 black sea bass, 2 broadbill swordfish, 3 salmon, 10 tuna, croaker, skipjack, albacore, barracuda, yellowtail, white sea bass, bonito, rock bass, kelp bass, corbina, halibut, lingcod and cabezone.

TROUT — Ends October 31. Bag limit: 15 trout, salmon, or Rocky Mountain whitefish, or 10 pounds and one fish, or theree fish regardless of weight.

ABALONES—Open season ends January 14. Bag limit: five. Minimum size for red abalones, seven inches; green, six and one-quarter inches; pink, six inches; black, five inches. May not be possessed out of the shell.

PREDATORY ANIMALS — No closed season on the taking of coyotess, mountain lions, wildcats, raccoons, skunks, moles, shrews, gophers, weasels, and wolves.

COCKLES — Closed until September 1 in Marin county. No closed season elsewhere. Bag limit 50. Size limit: none less than one and one-half inches in diameter.

SALMON — In waters of Pacific Ocean and all bays except those east of Carquinez Bridge in Sacramento - San Joaquin Riverss, ends December 31. Bag limit: three. No size limit.

SHAD — No closed season. Bag limit between June 10 and March 14 — five. No limit at other times. Night fishing permitted.

FROGS — July 1 to November 29 south of summit of Tehachapi Mountain Range. June 1 to November 30 in District 22. March 1 to November 30 elsewhere. Bag limit: 24 per day, 48 per week. Size limit: none under four inches from tip of nose to crotch. No license required.

STRIPED BASS — No closed season. Bag limit: five fish or 25 pounds and one fish, except that, irrespective of weight, at least two fish may be possessed. Minimum size limit, 12 inches.

Strange Japanese Custom

The Japanese have an unusual custom — getting friends to autograph favorite hymns. Each book becomes a veritable collection of autographs — pastors, teachers, visiting speakers, relatives and friends. Thus, when a Japanese opens his hymn book there is added significance and reverence as he is reminded of a beloved friend whose name is written across the hymn he is singing. The book becomes a symbol of deep fellowship as well as presenting an interesting array of signatures.

TRIM SWIMMER — Georgia Clancey cuts a pretty figure against the California sky at Zuma Beach, in a neat, two-piece cotton suit. Done in warm brown-and-yellow stripes, the swimsuit features a strapless bra and trunks shirred for perfect fit.

Food Big Item

The average family uses about a third of its expenditures for family living in feeding the family.

Commercial Sponges

Many species of sponges cannot be used commercially because of glasslike needles embedded in their tissues. The true commercial sponges, when alive, are of varied somber colors from yellowish gray to coal black. Most of the work of detaching the dark, liverlike flesh from the valued skeletal network is done by giving it a few days to decompose on lonely island shores near the sponge-harvesting beds.

Overseas Markets

Southern farmers depend on overseas markets for about half of their cotton sales, and 30 per cent of their tobacco sales.

Then don't give up your tires because the tread is gone! Up to 75% of what you paid for is in the casing. Come in and let us retread your smooth tires. You'll get new-tire skid protection and all the thousands of extra miles you paid for—at about one-half new tire cost.

They Came To The Right Place

San Francisco this week is the scene of the annual convention of the American Federation of Musicians, headed by James G. Petrillo.

The musicians could not have come to a more musically appreciative city. Out of its tax rate, the city contributes to the support of the internationally known San Francisco Symphony Orchestra and its citizens bonded themselves a score of years ago to build the Municipal Opera House, unique of its kind in America and one of the finest opera houses in the world, where great music and opera are heard each fall and concerts of all kinds the year around.

WATCH TRAFFIC SIGNS

If you are planning a long motoring trip for your vacation this summer, keep alert to traffic signs. The California State Automobile Association advises extra caution when driving in other states where you are not familiar with traffic regulations. And keep doubly alert to traffic dangers — take it easy and live longer.

San Jose became an incorporated city on March 27, 1850.

Children's Day, Class Promotions At Presby. Church

Children's Day and promotion of classes at the Grace Presbyterian church will be held June 19 at the 11 a.m. services.

In connection with the program there will be graduation exercises in "caps and gowns" for the kindergarten class. Mrs. A. Benofsky is asking the mothers and children of the beginners department to come for rehearsal at 3:30 p.m. Wednesday, June 15.

Mrs. Ed Dreiling is planning a rehearsal for the primary department for 3:30 p.m. Thursday, June 16.

The sacrament of baptism will be administered in connection with the Children's Day service.

Woodchuck Cold-Blooded

Human beings do not sleep nearly as soundly or as long as many members of the animal kingdom. The woodchuck sleeps so soundly during his winter hibernation that only a small spark of life is kept flickering. Indeed, his temperature drops almost to freezing, and in very cold weather ice crystals may even form in his blood.

Revamp Draperies

If figured draperies are worn and faded they can be touched up with wax crayons, home industries specialists of the Extension service say. The material should be washed and pressed and then retouched with crayons before pressing again with a hot iron.

Wooden Rail Ties Best

In the last 50 years, more than 2,500 patents have been issued for railroad ties made of substances other than wood, but not one has been able to effectively or economically replace timber, according to Chicago and North Western railway forestry agents.

PROTECTED BY GLASS—Tomato plants of D. J. Palumbo, of Dunmore, Pa., were sheltered from fatal chilling this year by a novel idea. One-gallon glass jugs with the bottoms removed were placed over the plants without a stopper. Jugs were removed as soon as the temperature climbed to a safe point.

Bigger Farms

While there were about 200,000 fewer farms in 1945 than in 1940, land in farms was about 88,600,000 acres greater in 1945, and harvested cropland was about 22 million acres greater in 1945.

Child Care Tip

Here's a solution to the old problem of keeping a youngster covered at night: Sew two of his largest crib blankets together on both sides and at one end, forming a sleeping bag. Tuck baby in the bag first, then put on the other covers. If he kicks off the covers, he still has the protection of his sleeping bag.

Extinguishing Electrical Fires

An electrical fire can be extinguished by an approved carbon dioxide, vaporizing liquid or dry chemical fire extinguisher safely. These extinguishing agents are nonconductive.

Sunday School Plans To Observe "Recognition Day"

"Recognition Day" is being observed at 9:45 this Sunday morning by the Sunday school of the Community Presbyterian Church in Broadmoor, located on 87the street, west of Junipero Serra boulevard. Parents will be special guests of the children.

According to the minister, the Rev. John A. Glasse, the object of the observance is to give recognition to the place and value of Christian education in the program of the church and in Christian homes, and also to recognize the progress made by the pupils and the faithful work of their leaders. Special exercises will be provided by all four departments. Those graduating into other departments will be given diplomas.

The Junior Choir will sing under the direction of Esle Faust.

In keeping with the educational emphasis at this time when public schools are ending the year, Mr. Glasse's subject at the 11:15 worship service will be "Earning the Master's Degree."

Cooking Ducks

Wild ducks can be roasted successfully in an uncovered pan. Keep the oven temperature moderate (325 degrees F). Allow 20 to 30 minutes per pound of bird for roasting time. Wild duck meat is not only darker than tame duck but is drier. You can keep it moist by laying a few strips of bacon across the breast or baste the bird frequently with the juice of an orange—a flavor that is especially pleasing with duck.

Speed of Ocean Waves

The greatest apparent speed of an ocean wave is about 27 miles per hour, according to the Encyclopaedia Britannica. Ocean waves reach a height of 50 or 60 feet in the south Atlantic off the Cape of Good Hope.

Helpless Giraffe

How the giraffe survives in the jungle is a mystery, because he is awkward, shy and virtually helpless against powerful and swift predatory animals. His only protection derives from his dappled appearance, and an acute sense of hearing.

Non-flammable Fabric

A plastic-coated upholstery fabric that will char on contact with a flame but will not support combustion is expected to find wide usage in boats, office furniture and restaurant seats

O.L.P.H. PARISH PLANS PICNIC FOR JUNE 26

Plans are being completed for the Parish Picnic of Our Lady of Perpetual Help Church to be held at Rosotti Brothers Park, six miles west of Santa Cruz avenue, Menlo Park, Sunday, June 26. Arrangements are in the hands of the Holy Name Society, with its president, Dick Ennis, serving as general chairman. Assisting him are George Lombard, Bill Carrington, Milt Weckerle, Jim Brush, Bob Gross, Fred Bricker, Walter Cavagnero, John Lucier, Bob Lucier, Pat Gallagher, Bob Crooker, John Muller, Bill Whelan and Roy Thompson.

Many features which were great attractions in grandfather's day are being dusted off and will be presented with some new twists added. Foremost among these will be the greased pig contest, tug-of-war, sack races, three-legged races, potato races, horse shoe pitching, and many others.

The revival of interest in picnics is widespread and the local response indicates that all previous attendance records at this annual affair will be broken.

While a majority of those attending will use private automobiles, parishioners and their friends who do not have transportation may travel on the special Greyhound buses which will leave the church entrance at 10:30 a.m. Owing to the limited number of buses available, reservations must be made in advance and tickets purchased before Sunday, June 19. Reservations will be accepted and bus tickets sold in the vestibule of the church after all of the masses on Sundays June 12 and 19.

Safety Rule for Swimming

A good safety rule is always to swim with a partner. Among the fast-moving, noisy mass of people at a large pool or beach, a lifeguard may not be able to hear a cry for help or to spot a sinking bather. A swimmer and his buddy can look out for each other in such cases.

Bleaching Fabrics

Bleaching may be done by using a reliable bleaching agent and by following the manufacturer's directions. Special care should be taken with delicate fabrics. Bleaching solution left in clothes continues its work. Therefore the amount used, the temperature and the time should be carefully controlled. Fabrics which have been treated with bleaching agents should be thoroughly rinsed until all of the bleach has been removed. Ordinarily, colored fabrics should not be bleached. Chlorine solutions should not be used on silk or wool.

Food Storage

Light fades the colors of canned food making it less attractive and decreasing the vitamin content, specialists of the Agricultural Extension service point out. If foods are stored on light shelves an old window shade can be put in front of them to keep the light out. The shade can be raised or lowered to get supplies.

White House Mail

Mail addressed to the White House gets closer scrutiny than any other in the land. Secret service men, postal inspectors and the mail room staff of some 20 persons analyze every piece received and use fluoroscopes and X-ray machines on all packages that arrive.

Cereals Nutritive

Cereals furnish most of the energy needed in large amounts by growing children and working adults. They also furnish proteins, minerals and vitamins. Iron is the most important mineral found in cereals. The B vitamins, thiamine, niacin, riboflavin, are all found in whole grains or enriched cereals.

JEFFERSON HIGH GIRLS' SPORTS

Claire Allen was given the award for the outstanding girl athlete of the semester and another for the year at an assembly in the Jefferson Union High School June 2.

Claire received a Block "J" card that entitled her to attend all the Jefferson sport activities. Her name will be added to the gold trophy which will then be placed in the trophy case in the gym.

In her freshman year, Claire turned out for swimming, receiving her "49" numeral, volleyball, and basketball. As a sophomore she participated in swimming, badminton, volleyball and basketball. During the past pear, Claire received her G.P.A.L. emblem. She received her Block "J" as a high sophomore.

As a junior, swimming and basketball were on Claire's activity list. She received her second and third chevrons. Her senior year found Claire out for swimming, softball, basketball and volleyball. As awards she received her fourth G.P.A.L. chevron and a Block "J" charm. Incidentally, Claire was voted the outstanding swimmer in her junior year.

Claire is a fine example of good sportsmanship. She is a person admired by many for her fairness and for her excellent playing ability. We will miss you, Claire.

This is the last column of Jeff Girls' Sports this year.

HIGH SPEED VIBRATION

When a car vibrates badly at high speed, the trouble may be due to an unbalanced drive shaft or tires that have developed flat spots, says the California State Automobile Association. Skidding to a fast stop is one of the causes of flat spots on tires.

ATTENTIVE DRIVING

Sightseeing as you drive makes the trip worth while, but not at the expense of traffic safety, warns the California State Automobile Association. Don't let the scenery distract your attention from your main job, safe driving.

Triple-Action Wondertub is Secret of

"THE WASHER THAT COULDN'T HAPPEN!"

From Bendix, a new automatic agitator washer at a price every family can afford!

UNDERTOW WASHING ACTION!

Wondertub's dynamic shape combines with the trusty agitator to give you a new kind of washing action! Clothes and suds are pulled down into undertow currents. Dirt comes out like magic! Whites are whiter, colors brighter—you'll be delighted with Undertow Washing Action.

FLOATAWAY DRAINING!

Floating suds trap dirt. Then the Wondertub automatically closes in. Dirty suds are pushed up—then down the hollow agitator they float. Sand and other heavy sediment is flushed out through the tub bottom. Dirty water never strains through clothes! Clothes come out clean!

SQUEEZE-DRYING!

Amazing! Wondertub then gently but firmly hugs the clothes—squeee-eezes out water! No wringer! No high-speed spinning. Just even, constant, vacuum pressure to bring your clothes out damp-dry in a jiffy! No deep-set wrinkles! No tangling! No broken buttons!

Never before a washer like the great new Bendix Economat!

Its secret is the revolutionary new Wondertub*—the utterly different kind of tub that gives you a wonderfully new kind of washing, draining, and squeeze-drying!

The Wondertub* is the secret of the amazing Economat. Made of the sensational new wonder material—metexaloy—it eliminates many expensive parts. See the Economat—newest, simplest, automatic washer in the world at the world's lowest price. It's here now!

*Wondertub guaranteed for 5 years.

ON THE GRIDDLE—David E. Lilienthal, above, chairman of the Atomic Energy Commission, was subjected to severe criticism by senators for his handling of the situation arising out of the loss of a small amount of Uranium-235. Although most of the material was later recovered, some senators demanded Lilienthal's resignation, others called for complete investigation of his atomic stewardship, for not reporting the matter to the FBI as soon as the loss was discovered.

STRIPED BASS FISHING GOOD

Striped bass fishing has been good lately on Potato slough, the San Joaquin river, and the Middle river near Woodward island ferry in San Joaquin county, reports the National Automobile Club. Trolling has proved to be the best bet on Middle river.

AUTOMOTIVE PRODUCTION RECORD

United States factories turned out a total of 543,118 passenger cars, trucks, and buses during the month of April, 1949, reports the National Automobile Club. This figure represents the highest monthly total since June, 1929.

San Francisco's first Court of Justice was held in California's first public school house in Portsmouth Plaza in 1848.

Talc is used in the rubber industry as a lubricating agent, where a high degree of smoothness and "slip" is necessary.

HOW-TO-FIX-IT By Tom Gregory

IF YOUR SCISSORS REFUSE TO CUT ROSE STEMS AT THE FIRST SNIP, IT'S PROBABLY BECAUSE THEY'RE TOO DULL. IN ADDITION TO SHARPENING THE BLADES AND TIGHTENING THE SCREW HOLDING THEM TOGETHER, FILE OR GRIND A NOTCH IN ONE OF THE BLADES.
THIS WILL HOLD THE STEM IN PLACE WHILE THE OTHER BLADE IS CUTTING IT FROM THE ROSE.

A DOOR OR WINDOW FASTENED WITH AN ADJUSTABLE HOOK OF THE TYPE SHOWN HERE CANNOT BE OPENED BY SMALL CHILDREN. THIS SAFETY HOOK IS MADE BY CUTTING A REGULAR DOOR HOOK IN TWO, THREADING THE FRESH CUT ENDS AND SCREWING THEM INTO A TURNBUCKLE. A MERE TWIST WILL TIGHTEN OR LOOSEN THE HOOK.
